Dixon Park – Adapted Bike Hire Routes

We have relocated to Dixon Park for our Bike Hire Scheme. There are two routes which are marked out on the above map and a brief outline of each below.

Longer Bike Route

The longer route takes in the full perimeter of Dixon Park. It has 5 left turns with a tight corner at the play park marked with a blue X above. Care needs to be taken at each turn/corner so always slow down and give way to any other park users at all times.

Shorter Bike Route

This route cuts through the middle of the park and has 5 left turns. As with the longer route take care at all times and always give way to other park users. This route takes out the tight corner at the play park and is more suitable for anyone using the Wheel Chair carrier bike.

NB - stay on the concrete paths and marked out routes (as outlined above) at all times during your Bike Hire time. The park is a generally flat however inclines on the pathways are present along with declines. Please take care on these by using the bikes gears and brakes when needed.
